Fundraising Raffle

Our school has organised a fundraising raffle with all proceeds going towards facilities in the school, and in particular the new 13 classroom extension. All students in the school received a book of tickets on Friday April 1st with 6 tickets to sell at €5 a ticket. These tickets are to be returned to on or before May. As a school we are conscious of the huge financial demand on parents and this is our first fundraising event in a number of years to coincide with our 50th anniversary and the building of our new extension. If any parent / guardian would like to take additional books of tickets to sell please ask their son / daughter to speak with Mr. Bishop. Thank you in advance for your support with this initiative.

Guidelines for the Use of Mobile Phones In Class for Certain Year Groups

Please see below some guidelines for staff on student use of mobile phones in the classroom

- Students are expected to use the student Wi-Fi when using their device for classroom tasks. The teacher will issue a unique code to the class to access this for the length of the class activity only.
- If the school's student WiFi network is down, students may use their own mobile data to access only educational and career development activities as directed by the class teacher.
- Students should have their mobile phones placed flat on the desk at all times unless otherwise directed by the teacher for a particular task under direct teacher supervision
- Students should be informed before each activity using their phone that any inappropriate use of their device may lead to sanctions up to and including suspension.

OLSS News

School Activities (including games, trips etc)

- Students in First, Second & Third Year are not allowed to use their mobile phones travelling to / from any school activity or while participating in any school activity.
- If a teacher is comfortable allowing senior students to use their phones travelling to / from any school activity or while participating in any school activity then they can give them permission to do so. If a teacher isn't comfortable with this they could request that students phones remain switched off.
- In a small number of cases when junior students and senior students may be on the same bus / activity the teacher may give permission for junior students to use their mobile phones if this privilege is being extended to senior students.
- If any student is using their mobile phone without permission in class it may be confiscated for the student and / or parent / guardian to collect in the school office at the end of the day.
